

ARTICLE I

NAME

The name of this corporation shall be "Vermont/New Hampshire Society for Histotechnology" and shall be referred to in these by-laws as the "Society".

## ARTICLE II

### PURPOSES

The object for which this corporation is established:

- a) Provide a professional association in which all interested persons may participate.
- b) Provide a means by which Histotechnology may be improved in its standards of knowledge, broaden its scope of utility for the doctor and his patient and increase its value of total service to the health and research fields.
- c) The Society shall be a non-profit organization and all income will be used for the purposes stated above.

ARTICLE IX  
RULES OF ORDER

The rules contained in Roberts Rules of Order Revised, shall govern the proceedings of this Society except where inconsistent with the by-laws of this Society

ARTICLE X

Based on Code of Ethics of the National Society of Histotechnology (NSH).

Preface: Recognizing that the National Society for Histotechnology and the Vermont/New Hampshire Society for Histotechnology seeks to encourage, establish, and maintain the highest standards, traditions and principles of our profession, and maintaining membership in good standing in the National Society for Histotechnology and the Vermont/New Hampshire Society for Histotechnology, I pledge myself to practice this profession in strict accord with the following code:

1. To conduct my professional life with dignity and integrity.
2. Place the welfare of the patient above all else, with the full realization of personal responsibility for the patient's best interest.
3. Keep inviolate the trust placed in me by patient, physician and professional investigator (veterinarian, scientist, etc.) treating as confidential all information obtained.
4. To conduct my work with integrity, objectivity, and responsibility when engaged in the practice of histotechnology applied to non-clinical research.
5. Accept responsibility for the ethical practices of our fellow members by cooperating with the Society in any efforts of investigation, counsel, or expulsion of violators.
6. Endeavor to promote and support educational and scientific programs which encourage professional growth and advancement of histotechnology professionals.
7. Pledge to uphold, and strive to improve laws and regulations affecting the public's health.
