### **Notice for Future Psychologists and Supervisors**

As of July 1, 2008 Vermont law, 26 V.S.A. § 3004(b) requires certain people to register with the Board. Those people are listed in section (a)(1) of the statute as follows: "a person engaged or acting (1) in the discharge of his duties as a student of psychology, or preparing for the practice of psychology provided that his title indicates his training status, if the preparation occurs under the supervision of a licensed practicing psychologist in recognized training institutions or facilities or in a training program approved by the board."

People engaged in supervised post degree practice (supervision training program) are required to register with the Board. The Board will review the application, and if it complies with the Board's rules, approve the proposed supervision training program.

At this time there is no fee for this registration. The registration will be effective until (January 31, 2010). The registration can be renewed, if necessary, at that time. (Note: There may also be a fee at that time.)

- If you are engaged in supervised post graduate practice and have already registered on the Roster for Non Licensed, Non Certified Psychotherapists, you are still required to register with this Board.

- When your Roster registration expires, you will not be obligated to renew it, as long as you remain registered with the Board of Psychological Examiners.

- If you change supervisors, your new supervisor must complete the verification of supervision form and submit it to the Board.

- Please note that a change of supervisor or name or address must be reported to the Board within 30 days.

A failure to register with the Board can result in having your supervised practice not accepted toward licensure.
